5) The IG of Police recommends the revision of the Scale of District Police Office Establishments involving an additional annual recurring expenditure of Rs 11460, the reasons assigned by them are that the present establishment was sanctioned over 34 years ago, that the work has increased enormously within this period and that an augmentation of Staff has been found necessary by all the Deputy Commissioners

1) The increase in the number of cases reported within the last 20 years does not appear to be very much. The increase of 186 cases for 20 years does not appear to be such as to necessitate an augmentation of establishment involving an additional recurring expenditure of Rs 11460/-

2) Though the I.G. does not specifically mention the increase in crime, as the reason grounds, still the above figures show that there has not been any perceptible increase in the last 20 years

The chief work referable to Dy. Canals subsidiary to the crime work and does not appear to be so far as is represented. In regard to the Surveillance of foreigners and agitators a special staff has been sanctioned during the continuance of the war and no extra work is imposed on the D.S.P.'s office on this account

9) The C.I.D. watch and report the movements of gangs, and the fact that there are various sources of information to the Police, does not appear to be sufficient ground for incurring the establishment that a special deal has been made of very small matters assuming very little labour is entailed by the reference to the Registers and statements in para 5 of the D.G.'s letter. The Quarterly preparing and annual statements prescribed dealing with the subject is simply a compilation of a very few items involving a few minutes labour.

10) In this connection it is necessary to compare the work and staff given in the neighbouring Presidency of Madras and see if the establishment now in existence is really

way made quite.

7 (W) ... (1) From the Budget Estimate, it is clear that each District in Madras, has generally a manager, an accountant, 12 clerks and one typist. But this establishment can be distributed among the officers, namely the Deputy or Superintendent or Deputy Superintendent, and the Assistant Superintendent. The Deputy and Superintendent are generally placed in charge of Subdivisions, and the extra Assistant is generally made to work in the office of the Dist. Supt. If the staff thus allotted to a district is divided among the officers, the establishment now given to the D.S.P.'s in Mysore does not appear to be inadequate. If this Crime work of the District is taken also into consideration, then the staff given here must be held to be very liberal. In certain Districts in Madras the total amount of cognizable crime investigated comes up to 10 or 11 thousand cases. In a number of Districts, the total number of cognizable crime investigated is 5 or 6 thousand. The figures are taken from the Administration Report for 913. Here the average is not even 1/10 of that

12) Then, there is another point which may be taken into consideration under the ~~existing~~ system prevailing here as well as in Madras, there are certain reserve Jamadars, Duffedars and Constables in each District known as District Reserve. The literate and capable members of this staff are generally utilised for Service in the District Police Office, and they ~~are~~ are entrusted with routine and important duties according to their capabilities of each individual. Even if additional establishment is sanctioned, these officers are likely to be used for Service in the District ~~and~~ but if their Services are not utilised, the utility of useful members of this staff will be greatly impaired. It appears that this practice may continue for some time longer, and the extra expenditure now proposed may thus be saved.

13) If, however, it is considered that a case for increase of establishment is made out, then an ~~extra~~ additional clerk on Rs 30 may be sufficient for each of the important Districts; and no case seems to have been made out-

The proposed scale is much excess of the above It provides for a uniform establishment of 6 clerks for all the offices costing Rs 200 p. m for each office. The present scale seems to be quite adequate enough. and does not require revision. By employing qualified ~~literate~~ men, good work may be turned out and revision of the scale in any way, avoided

SIR,

I have the honor to forward herewith duly verified a proposition statement in duplicate for the revision of the establishments of District Police Offices, with the Covering letter No.4817/600 dated 30th April /5th May 1915 addressed to you by the Inspector-General of Police.

2. The proposition is to increase the present rates of pay of the clerical staff of the District Police Offices and to increase its number by 23 (including two hands proposed for work under the Assistant Superintendent of Police, Mysore City). The financial effect of the proposition is an addition of Rs.955/- per month or Rs.11,460/- per annum to the permanent recurring expenditure of the State. The cost of the establishment after the reorganization if sanctioned will thus be about double the present cost.

(Through the Comptroller of Mysore).

COMPTROLLER'S OFFICE
CIVIL BRANCH,
3 MAY 1915
BANGALORE.
MYSORE GOVT.

Sir,

I have the honor to forward herewith a proposition statement, for the augmentation of the Establishments of the several District Police Offices in the State, and to state as follows:-

2. The present scale of Establishment of each District Office consisting of barely four munshis, was fixed over 34 years ago, in the year 1880, since when the work has so enormously increased in all directions but without any addition to the staff. There has been a steady and pronounced growth of work and correspondence, quite out of all proportions to the establishment provided to cope with, due to several new branches of the Police service which have gradually been springing up.

3. The creation of the Criminal Intelligence and Investigation Departments has materially added to the volume of work to be turned out in a District Police Office, with prompt and immediate action needed in most cases of the tracing and

keeping under surveillance of notorious K.D's, bad characters and gangs, and of movements of political suspects, agitators and foreigners, entailing also much direct correspondence with the Police of the neighbouring Provinces in such matters.

4. The establishment of Finger Print Bureau has also necessitated the maintenance of various registers and correspondence with Taluks and the Chief Office; and the fresh Maramat Branch, involving preparation of estimates, execution of works, checking of bills etc, in regard to repairs of Police Buildings etc which are now being carried out departmentally, has further greatly increased the responsibilities and duties of these undermanned offices.

5. Moreover, several new registers and returns have since been prescribed, some of which are the following, besides various others incidental to the passing of so many new measures and Regulations.

(1) Register of Ukkad Establishment.

(2) Gun License Register.

(3) Fortnightly statements of promotions, transfers and leave granted.

(4) Fortnightly statements of Wandering Gangs.

(5) Quarterly statement of men dismissed.

(6) Quarterly statementof fresh men entertained.

(7) Quarterly statement of promotions given.

(8) Quarterly statements of rewards sanctioned.

(9) Quarterly return of pension rolls pending.

(10) Annual returns of Newspapers and Periodicals.

6 Furthermore, a system of auditing the accounts of the Taluk Police Offices every year has been adopted, which practically takes away one official from the already meagre office for several months together from his legitimate work. Besides, the amazingly increasing number of petitions,

pseudonymous, anonymous or otherwise, received for enquiry and report, the large number of pension rolls and travelling allowance bills to be prepared and submitted in time, the check and scrutiny entailed in studying the general and special diaries of the subordinate Officers, the vigilance to be kept over the measures for the prevention, detection and investigation of crime in these complex times with novel modus operandi of the criminals, the study of bulky Kannada records and preparation of English drafts and reports and the several large works of irrigation, railway construction etc going on in the Districts attracting a very large floating population of all shades of character from various parts of the country, have all thrown such heavy responsibilities and abnormally increased work on these small establishments, that the strain now being borne by them has reached the extreme limit of its elasticity; and there has long been loud complaints from all Districts that it is physically impossible to keep a-head of the work.

7. In almost all the Districts, the work is in heavy arrears and in what is being disposed of there has been inordinate delay. When called up to explain, the District Officers uniform plea is "paucity of office hands" which is indeed a fact.

8. As a sort of make-shift in several of the Offices, if not all, some Daffedars and literate constables are being frequently drafted, from the mofussil or from the District Reserves, for clerical assistance, sometimes impairing the efficiency of their legitimate duties.

9. All the Deputy Commissioners are unanimously of opinion that no improvement either in the quality or quantity of work can be expected until the establishments are improved and increased. I accordingly submit after consultation with the several Deputy Commissioners and Superintendents of Police

a very modest proposal for augmentation of the establishments by the addition of only 3 hands to the District Police offices of Bangalore, Mysore and Shimoga, and of 2 hands to the other offices, which are, under the circumstances herein explained, found to be absolutely necessary. The Office of the Assistant Superintendent of Police, Mysore City, has no clerical staff at present, and therefore 2 clerks are proposed for it. A slight revision in the pay of the establishments, is also recommended, in conformity with the scale of pay obtaining in other Departments and the requirements of time, the increased cost by the augmentation and revision being only Rs.955/- per mensem or Rs.11,460/- per annum.

10. As the matter is urgent and pressing, I request that you may be so good as to obtain the very early sanction of Government for these proposals, to have effect from 1st July 1915, necessary provision being made therefor in the ensuing Budget.

I have the honor to be,

sir,

Your most obedient servant,

Inspector General of Police.

(2) Are members of the Reserve
Police employed in Dist. Offices for
clerical work? If so whether they
intended to stop this practice & whether
whether it is necessary & desirable
to do so? A statement showing the no. of men, if any,
so employed may be furnished.

(3) whether the clerical work
done in Dist. Police Offices cannot
be reduced so as to avoid the
necessity of increasing the establish-
ment?
